Certificate of Completion

Radial Code (Sep 2023 - May 2024)

Full Stack Developer

Full Stack Developer

About Me

Dedicated Front-End Developer with expertise in UI design, HTML, CSS, JavaScript, and React. Skilled in building responsive, user-friendly web applications. Experienced in translating user requirements into high-quality code and collaborating with teams to deliver optimal solutions.Passionate about problem-solving, clean code architecture, and performance optimization, I have hands-on experience with RESTful APIs, authentication (JWT).

Professional Experience

TENC Coding Campus & AI Technology | Hisar, India   (July 2024 – till now)

- I developed responsive user interfaces and ensuring optimal performance and usability.
- Collaborated with cross-functional teams to meet project requirements and deliver innovative solutions.
- Developed responsive user interfaces and full-stack applications from scratch, ensuring optimal performance and usability
- Built and integrated RESTful APIs to streamline data flow between frontend and backend systems.
